

Chroma-Q™
Magic Box

Magic Box 8 Way Buffer

The Chroma-Q Magic Box™ 8 Way DMX Buffer Box is a fault tolerant, self healing DMX buffer designed to fully isolate all outputs from each other. Supplied with eight 5 pin connectors, each output is separately generated & boosted from the original DMX signal. The unit also features a termination switch. The unique Magic Box interlocking enclosure facilitates rack mounting when used in pairs & truss mounting via captive nut insert.
