

Chroma-Q™

Studio Force V 48 & 72

Extreme Output Daylight White LED Battens

Utilising the same core technologies as the innovative Chroma-Q™ Color Force™ LED battens range, the new Studio Force™ V 48 & 72 models are 3,000K - 6,100K CCT variable white versions featuring laboratory calibrated 3200oK and 5600oK presets that are specifically designed for TV, film, touring, exhibitions, corporate events and theatre lighting applications. With an extreme output of up to 25,400 lumens, the battens evenly wash large areas, complemented by smooth, theatrical grade dimming. The range also includes a multi-purpose version.

Extreme Output

Available in a choice of 1.2m / 4ft (48) and 1.8m / 6ft (72) batten lengths, the fixtures offer more than twice the white light output of their RGBA colour variants - ranging from 16,900 lumens (48) up to 25,400 lumens (72).

Multi-purpose

The Studio Force V battens are suitable for a wide range of lighting applications, including key-lighting, uplighting, backlighting and wash applications.

Optional accessories include a cyc lens and a border light lens for general purpose wash applications, and a half snoot.

Colour

The Studio Force V range includes ColorSure™ technology for enhanced consistency across each light engine and when using multiple fixtures.

Optics & Dimming

The Studio Force V range's camera friendly custom optical design provides a smooth, uniform output, matched by theatrical grade dimming.

PowerCon and 5-pin DMX connections in at one end and out the other

Practical & Mechanical

On the outside, the Studio Force V battens have been designed to provide maximum versatility and ease of use. The built-in power supply, hidden quick release fixings requiring no tools, and PowerCon and 5-pin DMX connections in at one end and out the other provide fast deployment and simple cable management.

The Studio Force V range also features stand-alone Master and Slave modes for additional usage possibilities, flat end plates for seamless wall-washing and a rugged extruded aluminium body.
