Approvals & Disclaimer

The information contained herein is offered in good faith and is believed to be accurate. However, because conditions and methods of use of our products are beyond our control, this information should not be used in substitution for customer's tests to ensure that Chroma-Q products are safe, effective, and fully satisfactory for the intended end use. Suggestions of use shall not be taken as inducements to infringe any patent. Chroma-Q sole warranty is that the product will meet the Chroma-Q sales specifications in effect at the time of shipment. Your exclusive remedy for breach of such warranty is limited to refund of purchase price or replacement of any product shown to be other than as warranted.

Chroma-Q reserves the right to change or make alteration to devices and their functionality without notice due to on-going research and development.

The Chroma-Q Inspire range has been designed specifically for the lighting industry. Regular maintenance should be performed to ensure that the products perform well in the entertainment environment.

If you experience any difficulties with any Chroma-Q products please contact your selling dealer. If your selling dealer is unable to help please contact support@chroma-q.com. If the selling dealer is unable to satisfy your servicing needs, please contact the following for full factory service:

1. Overview
The new Chroma-Q™ Inspire LED house light is a multi-purpose fixture with a single light engine featuring 36 high powered LEDs (combination of white, red, green and blue) and a fully homogenized optic. The Inspire is equipped with a built-in power supply, operates as a standalone unit or can be controlled remotely through the ANSI E1.11 USITT DMX 512-A protocol.

2. Safety
1. This product is for professional use only. It is NOT intended for domestic or outdoor use.
2. The bright flash of light during power-up & continuous strobe may cause epileptic seizure.
3. This product must be used with safety cable.

3. Cabling
PowerCon connectors are used for power input. XLR 5-pin connectors are used for data signal from an external DMX control console. The chassis is ground bonded.

4. Mounting
A mounting bracket is built into the enclosure for overhead applications. Secure the fixture with a safety bond. A fixing hold is built into the enclosure.

5. Optics
The Inspire can be built with either Narrow, Medium or Wide lens. The beam angles are:

<table>
<thead>
<tr>
<th>Lens Type</th>
<th>Beam Angle</th>
</tr>
</thead>
<tbody>
<tr>
<td>Narrow</td>
<td>~32°</td>
</tr>
<tr>
<td>Medium</td>
<td>~42°</td>
</tr>
<tr>
<td>Wide</td>
<td>~65°</td>
</tr>
</tbody>
</table>

6. Control
The control functions are accessed through the LCD display at the rear of the fixture with 4 push buttons:

- **Up Arrow**: Increases (+) the mode level or value
- **Down Arrow**: Decreases (-) the mode level or value
- **Back Arrow**: Back to the previous menu
- **(Enter)**: Stores the menu choice

Power-Up Display:
On power-up, the display shows the Main Menu. The Main Menu shows the model name, software version, DMX start address, set control mode, number of channels assigned.

Display Mode:
The LCD display is backlit when you access the menu and turns off when left undisturbed for 5 seconds.

Control Menu
To navigate the Control Menu options from the Main Menu,
- Use the Up and Down arrows to navigate the control menu options
- Press the Back arrow (Enter) to select a control menu option
- Press and hold the Back arrow (Enter) to save the setting
- Press Exit to return to the Main Menu

7. Further Information
Please refer to the Chroma-Q Inspire manual for more detailed information. A copy of the manual can be found at the Chroma-Q website – www.chroma-q.com – under Support.
